Directors,

As of today the budget crisis continues and all offices are still closed. We are continuing to process checks and all other services managed through contracts are also continuing to operate. I have 4 staff in my office working on the high priority emergencies in customer crisis with tax, FIDM levies, passport and the like. Also Amy Shaw and I are managing the other customer calls. Please let us know if you hear of any problems with checks but please also let you call centers and others know there is not one in at the local levels or in central registry.

Thank you,
Alisha Griffin
